

Electric vacuum unit **EVA-01**

※Dresser sold separately.

Feature

- Chips generated during tip dress are automatically collected.
- Electric vacuum unit is adopted.
- Operates on single-phase 200 V. Contributes to airless facilities.
- Corresponding dressers: CDK-R, CDK-SG, CDK-BAYO, CDK-DUAL, CD-SVR
- The same collector shape as the CVC5 series is used, making it easy to replace the CVC5.
- One-touch hose is adopted

System 1

- The one-touch hose makes installation easy.
- No sharp edges and no metal hose band for safety.

System 2

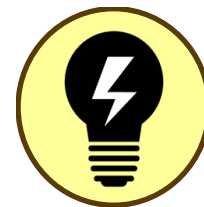

- Large capacity dust box is adopted.
- Flame-retardant filters are available. (Optional)

System 3

- The same shape collector as CVC5 is used.
- Smooth replacement of CVC5.

ECO

About **11 times** more eco-friendly

※ Calculated using our original calculation method.

Compared to the CVC5 series, which consumes a large amount of compressed air, the EVA-01, which runs on electricity only when used, is approximately 11 times more environmentally friendly.

※ Specification and design are to be changed without notice for improvement.
